Job Description:

This individual is responsible for executing the cleaning of a customer's facility according to a cleaning check list with the goal to exceed customer expectations. Areas include Kitchen, restrooms, main floors, breakrooms, vestibules etc.

Duties (including but not limited to):

- Promote the mission, vision, and values of the organization.
- Perform all assigned tasks in a safe and professional manner in order to reflect the highest integrity of the ENEROC company.
- Work as a cleaning team with 4 additional individuals at customer site to execute daily, weekly and quarterly cleaning.
- Operate motorized and manual cleaning equipment to sweep, vacuum, scrub, and sanitize floors, restrooms, vestibules, and food prep areas to a pre-determined checklist.
- Track completion of duties of all team members on check list.
- Utilize appropriate cleaning chemicals per procedures.
- Communicate with Team Lead on nightly activities, status of work completed, and any issues that need to be completed or that arise.
- Perform daily and weekly Maintenance on floor cleaning equipment.
- Notify ENEROC supervisor of safety, equipment, customer and team employee issues.

Minimum Requirements:

- Ability to effectively communicate in English
- Requires reaching, bending, stooping, walking, and lifting up to 50 pounds.
- Must be highly dependable, and punctual

Preferred experience:

Previous vocational or job experience in a building services and cleaning role.

Wages/Compensation: Starting at \$12 and up depending on experience. Ability to increase wages after 3 months and 6 months based on performance and customer feedback. After 1 year of employment in good standing, employees are eligible to become part owners.
